Dainty Odors...

FATAL
SHOOTING
AFFRAY.
Mayfield Comes to the Front
With Another Shooting—The
Terrible Affair Occurred
This Morning
AT WESTERN DIST. WAREHOUSE.
Both Are Prominent Tobacco
Men. Mr. Clark An Auctioneer.
Difficulty Was Over Busi-
ness Matters.
MAYFIELD GREATLY EXCITED OVER AFFAIR.

There was a sensational and per-
haps fatal shooting affray at the West-
ern District Warehouse, at Ma. field,
Ky., this morning about 11 o'clock.
Mr. S. R. Carney, president of the
Western District Warehouse com-
pany, whose home is at 24 in the city,
on North Ninth street, was shot by
Mr. Sam Clark, a prominent tobacco
man of Mayfield, and auctioneer
there. The shooting grew out of a busi-
ness misunderstanding. Mr. Clark
was indicted to the company, a
seems and Mr. Carney desired it
settled. He called Mr. Carney
out, and called him a d—
der or something similar. Mr. Carney
struck at him, but missed. Mr.
Clark fired one shot through his over-
coat pocket at Mr. Carney, but
missed. He then drew the pistol and
shot him through the abdomen. Mr.
Carney fell and a large crowd was
gathered. He was removed to the
residence of Mr. Wallace Key, a rela-
tive, and four doctors were sum-
moned to give him medical attention.
Mr. Clark was arrested and gave
bond.

There is great excitement in May-
field, where both men are well known
and have many friends. Mr. Carney
was born and raised there, but came
to Paducah to reside several months
ago. His family is now here.
At last accounts the wound was
believed to be fatal although every-
thing possible was done for the in-
jured man. A large crowd of
sympathizing friends was at the
house continually after the shooting.
Mr. Murrell, of the city, was tele-
phoned to go out with the X-ray ma-
chine this afternoon, and left at 2:45
to locate the ball.
Mr. Clark was reported as being
very drunk under the charge of four
guards.
At last accounts Mr. Carney was
still alive despite a rumor here to
the effect that he was dead. When
the facts of the shooting became gen-
erally known here, there was a great
interest manifested, as Mr. Carney
has a host of friends here. At the
time of the shooting he was unarmed.

A COLORED CANDIDATE.
Spoke at the Metropolitan Court House
Last Evening.
Metropolis, Ill., March 1.—
A colored candidate for congress
from this district, with residence at
Mount City, Ill., spoke at the court
house in Metropolis last night. He
wants each county to form a league,
and elect one from the whole num-
ber to represent them in the color
line for congress, and all other state
offices. There will be no hope of
success for them in this congress-
ional district or for the legislature
because they do not hold even a bal-
ance of power. Furthermore, they
will not stick to each other. Many
of the crowd assembled last night
went home dissatisfied, saying they
did not want to appropriate their
own earnings for the purpose of
keeping up such an organization.

CHURCH REVIVALS.
Big Crowd at the Second Baptist—
Good Meeting at the Cum-
berland Presbyterian.
The revival at the Second Baptist
church is having a wonderful success.
Sunday night there were two ad-
ditions to the church, and last night
there were five professions of faith
and many requests for prayer.
Rev. Hobbs preached a powerful
sermon on "The Resurrection of
Lazarus," and made a profound im-
pression on his hearers. There will
be services every night and every
body is invited.
The revival at the Cumberland
Presbyterian church is increasing in
interest. Last night Rev. M. J.
Chappell, the pastor, preached on
"Who Is On the Lord's Side?" There
was one addition to the church.
Everybody is cordially invited to at-
tend the meeting.

A SLICK PRISONER.
Woman Accuses Him of Stealing
Her Pocketbook.
Mrs. Pelcher, mother-in-law of
Tom Hanson who is in jail unable
to execute a \$100 bond for man-
slaughter, complained to Judge San-
ders this morning that her pocket-
book containing \$1 and a 5-cent
piece had been stolen in the county

jail by a man named Perkins, who is
there charged with grand larceny.
She went up to visit her son-in-law
and had her purse in her lap. She
says Perkins dropped his hat near
her, and when he stooped down to
get it she supposed he dipped the
purse.
SUPT. DAVIS RETIRES.
He Will Go to Cincinnati For a Va-
cation.
Mr. A. L. Davis, who today retired
as superintendent of the city electric
plant, having voluntarily resigned,
will leave in a few days for Cin-
cinnati to enjoy the first vacation he has
had in eight or ten years. As yet he
has no definite plans as to the future,
but thinks he will easily get another
position.
Mr. Davis is an experienced man,
and gave Paducah the best system of
light she ever had.

ANOTHER VETO.
The Bratton Pension Bill Meets
With the Governor's Dis-
pleasure—Bill Returned
This Morning.
Frankfort, Ky., March 1.—Govern-
or Bradley today returned to the
senate the Bratton pension commis-
sion bill with his veto. When the
bill was called up in the senate,
it came near being killed. It has been
decided to hold a democratic caucus
to endeavor to make the bill a party
measure.
Frankfort, Ky., March 1.—A
democratic caucus has been called on
the McChord railroad bill and the
Chinn school book bill for tomorrow.

STATE LEGISLATION.
Frankfort, Ky., Mar. 1.—The
proceedings will be the most im-
portant one of the session, and will
be lively until late Saturday. The
pension commission bill will be returned
from the governor with his veto, and
will probably be re-passed. Its pas-
sage will be followed by the election
of prison commissioners, after the
dominating convention. The Mc-
Chord bill was vetoed yesterday.
The amended McChord bill
claim they will defeat the measure.
It requires twenty votes in the sen-
ate. It was passed by eighteen.
There were two or three absentees at
the time, and they are unknown
quantities. If they vote for the bill
and the other friends of the measure
are here and still stand it will pass
but, whether well founded or not
there is a prevailing impression that
the bill will hang fire and meet dis-
fect. It will be the first of the im-
portant bills to be acted on.
The prison bill will be returned
with a veto not later than today or
tomorrow. It will pass without a
doubt, unless the friends of the
Goebel bill want to hold it up as a
hedge in hopes of forcing friends of
this measure, who voted against the
Goebel bill, to terms.
The Louisville charter amendments
abolishing the boards, etc., are in the
agenda of the day. They are now too
low in the calendar to have much
chance of passing them through the
senate should they get through the
house.

CALLED MEETING.
Of the New Howards—Car Load
of Coal Distributed.
The New Howards met in called
session this morning at the city hall
to distribute a car load of coal given
them by Supt. W. J. Hils, of the
Nashville, Chattanooga & St. Louis.
There was a demand quite equal
to the supply. The Howards held
their regular meeting yesterday af-
ternoon.

A SMALL BLAZE.
Mr. W. W. Hinkle's Kitchen De-
voured This Morning.
The fire department from Central
Station was called to the residence of
Mr. W. W. Hinkle, 105 North Fifth
street, about 11 o'clock this forenoon.
The kitchen caught fire from a
terra cotta due and was considerably
damaged. The department soon had
the flames extinguished.
BURGLAR ALARMS.
But They Escaped Before the Police
Arrived.
The police were last night called
out to C. L. Branson's green house,
in Rowlandtown, by a report that
burglars were about the premises.
The marauders had been frightened
away, when the officers arrived.
There was also a scare at Mr. Tom
Elliott's, on Madison street, but no
burglars were caught.

POLICE COURT.
A Number of Cases Considered
This Morning.
Amanda Metchee, the colored
female gambler, gets a
Roast.
Jasper Horton, colored, charged
with slapping a woman, was fined \$30
and costs.
Jeff Hubbard and George Ferrell
were charged with a breach of the
peace. The latter was fined \$5 and
costs and the case against Hubbard
was left open.
John Scanlon, a white stranger,
was fined \$1 and costs for drunken-
ness.
John Jones, colored, was charged
with threatening to kill his wife with
an ax. The evidence showed that
they had a quarrel over the baby.
The witness swore the mother gave
the infant a teaspoonful of morphine
after the quarrel. The case against
Jones was dismissed.

DIPLOMACY
MAY SETTLE
THE TROUBLE.
Says the President: But it is
Believed He Desires to
Put Spain Off Her
Guard.
CONGRESS AGAINST INDEMNITY.
Not in Favor of Allowing Spain
to Atone for the Terrible
Outrage by a Cash
Equivalent.
THE COURT OF INQUIRY STILL AT WORK.

Washington, March 1.—The presi-
dent still asserts that the possible
war with Spain will be ended by di-
plomacy, though it is believed that he
merely desires to throw Spain off her
guard. Scarcely any one here be-
lieves that it is possible to avoid war
without the surrender of national honor.
Congress is almost a unit against
the asking of an indemnity and a
majority of the members believe that
should treachery be proven in the
loss of the Maine, that the only re-
course would be war.
Washington, March 1.—The quar-
termaster-general's office has com-
pleted a railroad schedule for the
transportation of 100,000 troops,
their equipment and necessary bat-
teries.
The roads over which this travel
will be sent are those concentrating
at New Orleans, Mobile and Balti-
more. Consultations have been held
during the past week and the plan
incomplete.
The first call for troops if war with
Spain should come will include the
100,000 men. Not more than 10,000
of the first army which might occupy
Cuba under this plan of concentra-
tion would be regulars.
Those preparations, although it is
said by officials that they are merely
consistent with the general plan of
preparing for emergencies, and do
not signify expectation of war, clearly
indicate that the President be-
lieves trouble will ultimately come in
the settlement of the Cuban ques-
tion.
The country has been so aroused
over the Maine tragedy that it will be
impossible, finally, for the President
to put aside the demand of the peo-
ple, through congress and the press
for intervention. And in the present
temper of Spain, intervention
means war.

Resolution for War Appropriations.
Washington, March 1.—Representa-
tive Brownell (Rep.) of Ohio,
yesterday introduced in the house
the following resolution:
That the secretary of the navy be
and is hereby authorized, whenever
in his judgment it shall become ex-
pedient for the best interests of the
country to do so, to secure options
upon and consummate the purchase
of such battleships, cruisers, ram-
torpedo boats or other form of naval
vessels as are of the most modern
type and ready for immediate use,
together with the necessary armament
and equipment for the same as in his
judgment are necessary to place the
naval strength of the country upon a
proper footing for immediate hostil-
ties with any foreign power with
which the same may be threatened;
and that for the purpose of consum-
mating such purchase there be hereby
appropriated the sum of \$20,000,000,
to be immediately available.
The resolution was referred to the
naval committee.
Mr. Brownell said he introduced
the resolution to call the attention of
the naval committee to the necessity
for providing such a contingent fund
in the naval appropriation bill. If
the committee does not include such
a provision in the bill when it is re-
ported, he will offer it as an amend-
ment in the house.

HEALTH OFFICER MILAM
Must Appear Before Judge San-
ders and Answer Ques-
tions.
He and Coroner Phelps Had a
Shilling Out Yes-
terday.
Health Officer M. D. Milam was
summoned today to appear at 10
o'clock before Judge Sanders and
make a few explanations relative to
several recent burials that have oc-
curred without permits, it is alleged.
The health officer appeared, but the
case was postponed until tomorrow
morning. He is promised to be on
hand with his books.
His anger grew out of a disagree-
ment between the health officer and
Coroner Phelps. The latter deman-
ed an explanation about a burial of
two and the health officer refused to
give it. The coroner then had him
summoned before Judge Sanders.
The facts in the case are as yet
unknown, but it is claimed that
bodies have been buried without a
permit.

There has been considerable com-
plaint late about getting permits.
A gentleman named Varlow, who re-
sides in Mechanicburg, desired a
few days ago to remove the remains
of three members of his family, who
had been buried many years ago to
Oak Grove. The health officer de-
manded \$25 each for issuing the
permits. The gentleman went to the
mayor, who had the city physician
issue death certificates, and the health
officer was then compelled to issue
the permits free.

The health officer's exorbitant
charge for issuing health certificates
during the smallpox scare is well
known. He told council refusing to
pay it, saying that it was his duty
to issue them free.
This is likely a lively time ahead,
as the mayor, one of two of the un-
der-takers and the health officer are
logged in.
